It is the intent of the General Assembly that beginning with the FY 1997 budget, the Department of Natural Resources shall separate appropriations for capital and operating purposes for its programs including the following: Program Open Space, Waterway Improvement, Shore Erosion Control (structural), Ocean City Beach Maintenance and Fish Passages. Further, the budget detail for FYs 1995 and 1996 submitted with the FY 1997 budget shall be organized in the same way to allow comparisons between years, as well as actual expenditures.

The Department of Natural Resources shall provide an annual report on the actual expenditures of capital funds for Program Open Space, Waterway Improvement, Shore Erosion Control (structural), Ocean City Beach Maintenance and Fish Passages. Beginning with FY 1995, this report shall be submitted to the budget committees and the Departments of Budget and Fiscal Planning and Fiscal Services no later than October 1 of each year for the prior fiscal year.
